## Vanden High School

## Request for Auto/Motorcycle Parking Permit Rules and Regulations for Driving with a Valid Driver's License

## Dear Parents/Guardians/Students:

Parking privileges will be extended to students with a valid driver's license. Before a FREE student parking permit is issued, each student must meet the following list of rules and regulations. Please return the permission/registration portion of this document to the ASB Office/Store. Students must have a valid driver's license BEFORE applying for a free parking permit.

- 1. Student drivers must present a valid driver's license.
- 2. The parking permit (placard) is to be placed on the dashboard or hung from the rearview mirror.
- 3. Under no circumstances may a student go to his/her car during the day without permission.
- 4. Parking spots are on a first-come, first-served daily basis, just because you had the spot today does not mean you will have the same spot tomorrow.
- 5. Students must exercise extreme caution when entering or exiting the parking area. Speeding and/or reckless driving is prohibited.
- 6. All California traffic laws pertaining to driving and auto maintenance will be enforced.
- 7. All drivers are expected to yield to buses and pedestrians. Both always have the "right of way."
- 8. Students may only park in the designated student parking area. (Viking Lane parking lot)
- 9. Violations of the above stated rules, regulations, and observations of driving behavior that is deemed unsafe or inappropriate by administration will result in suspension or revocation of parking privileges.
- 10. While efforts are made to monitor the parking lot, students are parking at their own risk.

| Sincerely,  |   |  |
