

WHY GO TO TEC? TOP TEN Reasons

10

TEC is a **smaller** school with less than 100 students. If you don't enjoy big crowds, check out TEC. The class sizes are small.

9

TEC students complete all of their work during the school day. Yes, you read that right...**No Homework!**

8

You can **earn credits** twice as fast! Instead of earning 60 credits per year (Vanden), you can earn 130 credits per year at TEC. Some students go to TEC to earn credits so they can return to Vanden with a shortened schedule for senior year.

7

You can **graduate early** from TEC. Some students graduate a full year early if they choose to stay at TEC!

6

The TEC diploma has the same accreditation as a Vanden diploma. **Yes, it's a real diploma!**

5

If you don't plan to enroll in a 4-year college, TEC is worth checking out. **Most TEC students attend community college, a trade school, enlist in the military, or join the work force after graduation.**

4

TEC has a **nice graduation ceremony** in the Vacaville Performing Arts Theatre. It's air-conditioned too!

3

The **school is safe!** There are very few discipline issues at TEC.

2

TEC has older students. Most TEC students are at least **16 years old**. Younger students can be considered too though.

1

You can still participate in **WinterBall, Prom, Senior Getaway, and Sober Grad Night!**
