California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Ms. Deanna Yasaki, Principal

Principal, Travis Elementary

About Our School

Travis Elementary is a high performing school that supports our Air Force and community-based families. It is our goal to address the unique needs of our population while providing a well-balanced, student-centered curriculum. We welcome and encourage parent participation. This is a reflection in our high PTO and parent participation in the classrooms. Travis Elementary, in addition to being a K-6 school, is also home to a Transitional Kindergarten (TK) and three Special Education preschool programs. The Special Day Class for Intensive Learning (SDC-SCIL) is specifically designed for preschoolers with autism. The SDC-PreK class is a developmental preschool program for students who demonstrate disabilities in a variety of areas. The Early Childhood Special Education program provides speech-language therapy services.

School Facility Conditions and Planned Improvements

Travis Elementary School's campus was originally built in 1958 and remodeled in 1995. The school contains 30 classrooms, one library, a gym/multipurpose room, one staff room, and three playgrounds. At the time of publication, 100% of restrooms were in working condition. Facilities information is current as of January 2017.

Cleaning Process

The principal coordinates with the custodial staff to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The Director of Maintenance and Operations coordinates in-service training for the custodial staff. Outside maintenance is done on a regular basis or as needed. Currently the district has no specific policy on cleaning requirements and has adopted the CASBO Custodial Handbook and applied the cleaning standards and care of equipment for this purpose.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Facilities Master Plan Policy (BP7110) and the Environmental Safety Policy (BP 3514) guide the maintenance and repair protocols for the district.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. There are no major deficiencies at this site. The items noted in the table have been corrected or are in the process of remediation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Mathematics (grades 3-8 and 11)	59%	57%	43%	41%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Parents play an important role at Travis Elementary School through active participation and involvement in the School Site Council, PTO, Watch D.O.G.S., and as volunteers in classrooms and at school activities. Over the past few years, Travis Elementary School has hosted Math, PE, and Science Nights as well as school-wide reading nights. Travis Elementary School benefits from partnerships with local businesses and services including David Grant Medical Center, Travis AFB Squadrons, Daily Republic newspaper, and The Reporter.

Contact Information

Parents who wish to participate in Travis Elementary School's leadership teams, school committees, school activities, or become a volunteer, may contact the school at (707) 437-2070.

School Safety Plan (School Year 2017-18)

The safety of students and staff is a primary concern of Travis Elementary School. The School Site Safety plan is evaluated and revised annually by Travis staff members and School Site Council. Key elements of the Safety Plan are the school's physical and social/emotional environments, as well as the Emergency Response Team. Included within the School Site Safety Plan is a disaster preparedness plan which lays out steps that are to be taken to ensure student and staff safety during a disaster. In 2008-09 all classrooms were supplied with a Safety Kit, in case of a disaster. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Fire and disaster drills are conducted on a monthly basis throughout the school year. Travis Elementary coordinates with the TAFB Fire Department, Security police, and Mission Support Group in regards to student safety and disaster preparedness. Students are supervised throughout the day by teachers and noon duty supervisors. All visitors to the school must sign in at the school office and receive a visitor's badge.

Types of Services Funded (Fiscal Year 2016-17)

Travis Unified receives Local Control Funding Formula (LCFF) funding from the state. Part of this funding is Supplemental Grant Funding (SGF) which is used to meet the needs of low income students, English learners, foster youth, and homeless children. In addition, we receive Title I funding, which is used at the middle school to provide targeted instruction for struggling students. Title I funding is also used for professional development. We receive Title II funding for professional development, and Title III funding to support English learners. We also receive some funding for Special Education.

With LCFF, districts are required to develop, adopt, and annually update a three year Local Control and Accountability Plan (LCAP). The LCAP and budget must demonstrate how the district is using funds to address the eight state priority areas and improve outcomes for all students as well as specific student subgroups. The eight state priority areas are student achievement, implementation of state standards, student engagement (attendance and dropout rates), school climate, parent involvement, basic services, course access, and other locally determined student outcomes.

Professional Development

Staff members have a variety of opportunities for professional development. We have a full day of professional development in October, plus a variety of workshops throughout the year. Teachers received training in technology (including website development), English Language Arts / Math strategies, Multi-Tiered Systems of Support, and Special Education processes. Teachers worked in PLCs (teacher work teams) and curriculum development groups to develop pacing guides, align curriculum to standards, and to develop assessments. Additionally, elementary administrators and teachers attended "No Excuses University" training. Kagan Cooperative Learning workshops were offered during the summer.
