District Budget for Federal and State Programs

Background

The No Child Left Behind (NCLB) Act of 2001 embodies four key principles:

- stronger accountability for results;
- greater flexibility and local control for states, school districts, and schools in the use of federal funds
- enhanced parental choice for parents of children from disadvantaged backgrounds, and
- a focus on what works, emphasizing teaching methods that have been demonstrated to be effective.

(Text of the legislation can be found at <http://www.cde.ca.gov/nclb/fr/>.)

In May 2002, California's State Board of Education (SBE) demonstrated the state's commitment to the development of an accountability system to achieve the goals of NCLB by adopting five **Performance Goals**:

- 1. All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2013-2014.**
- 2. All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.**
- 3. By 2005-2006, all students will be taught by highly qualified teachers.**
- 4. All students will be educated in learning environments that are safe, drug-free, and conducive to learning.**
- 5. All students will graduate from high school.**

In addition, 12 performance indicators linked to those goals were adopted (see Appendix A), as specified by the U.S. Department of Education (USDE). Performance targets, developed for each indicator, were adopted by the SBE in May 2003.

Collectively, NCLB's goals, along with the performance indicators and targets, constitute California's framework for ESEA accountability. This framework provides the basis for the state's improvement efforts, informing policy decisions by SBE, and implementation efforts by CDE to fully realize the system envisioned by NCLB. It also provides a basis for coordination with California's Legislature and the Governor's Office.

Since 1995, California has been building an educational system consisting of five major components:

- rigorous academic standards
- standards-aligned instructional materials
- standards-based professional development
- standards-aligned assessment
- an accountability structure that measures school effectiveness in light of student achievement.

As a result, California is well positioned to implement the tenets of NCLB.

State and federally funded initiatives aimed at improving student achievement must complement each other and work in tandem in order to have the greatest impact. In California, the state and federal consolidated applications, competitive grants, the state accountability system, the Categorical Program Monitoring process, **local educational agency plans**, professional development opportunities, and technical assistance all are moving toward a level of alignment and streamlining. The result of this consolidation will be to provide a cohesive, comprehensive, and focused effort for supporting and improving the state's lowest-performing schools and appropriate reporting mechanisms.

Descriptions of the Consolidated Application, the Local Education Agency Plan, the Single Plan for Student Achievement, and the Categorical Program Monitoring Process

In order to meet legislative requirements for specific state and federal programs and funding, California currently employs four major processes: the Consolidated State Application, the Local Educational Agency Plan, the school-level Single Plan for Student Achievement, and Categorical Program Monitoring. **California is moving toward more closely coordinating and streamlining these processes to eliminate redundancies and make them less labor intensive for LEA's, while continuing to fulfill all requirements outlined in state and federal law.**

Below is a brief description of the ways in which these various processes currently are used in California.

The Consolidated Application and Reporting System (CARS)

The Consolidated Application is the *fiscal* mechanism used by the California Department of Education to distribute categorical funds from various state and federal programs to county offices, school districts, and charter schools throughout California. Annually, in June, each LEA submits Part I of the Consolidated Application to document participation in these programs and provide assurances that the district will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs.

Part II of the Consolidated Application is submitted in the fall of each year; it contains the district entitlements for each funded program. Out of each state and federal program entitlement, districts allocate funds for indirect costs of administration, for programs operated by the district office, and for programs operated at schools.

The Single Plan for Student Achievement (School Plan)

State law requires that school-level plans for programs funded through the Consolidated Application be consolidated in a *Single Plan for Student Achievement (Education Code Section 64001)*, developed by school site councils with the advice of any applicable school advisory committees. LEA's allocate NCLB funds to schools through the Consolidated Application for Title I, Part A, Title III (Limited English Proficient), and Title V (Innovative Programs/Parental Choice). LEA's may elect to allocate other funds to schools for inclusion in school plans. The content of the school plan includes school goals, activities, and expenditures for improving the academic performance of students to the proficient level and above. The plan delineates the actions that are required for program implementation and serves as the school's guide in evaluating progress toward meeting the goals.

The Local Educational Agency Plan (LEA Plan)

The approval of a Local Educational Agency Plan by the local school board and State Board of Education is a requirement for receiving federal funding sub grants for NCLB programs. The LEA Plan includes specific descriptions and assurances as outlined in the provisions included in NCLB. In essence, LEA Plans describe the actions that LEAs will take to ensure that they meet certain ***programmatic*** requirements, including student academic services designed to increase student achievement and performance, coordination of services, needs assessments, consultations, school choice, supplemental services, services to homeless students, and others as required. In addition, LEA Plans summarize assessment data, school goals and activities from the *Single Plans for Student Achievement* developed by the LEA's schools.

Categorical Program Monitoring (CPM)

State and federal law require CDE to monitor the implementation of categorical programs operated by local educational agencies. This state-level oversight is accomplished in part by conducting on-site reviews of eighteen such programs implemented by local schools and districts. Categorical Program Monitoring is conducted for each district once every four years by state staff and local administrators trained to review one or more of these programs. The purpose of the review is to verify ***compliance*** with requirements of each categorical program, and to ensure that program funds are spent to increase student achievement and performance.

Purpose

In submitting this Local Education Agency Plan (LEAP), the Travis Unified School District [TUSD] notes that the 2011-2012 staffing, other expenditures and budget sources are estimates and based on pending contracts and services. Revisions in the LEAP will be ongoing.

The Plan outlines actions for the five-performance goals:

1. Improvement of student performance in reading and mathematics
2. Improvement in programs for limited-English-proficient and immigrant students
3. Professional development
4. Safe, drug-free schools with environment conducive to learning
5. Dropout prevention

The Plan will be reviewed and revised each year by the Superintendent's Cabinet, Principals' School Site Councils and the Parent Advisory Committee then submitted for Board approval.

Board policies and California State Academic Content Standards guide the LEAP.

Travis Unified School District
Local Educational Agency Plan
Needs Assessment

Needs Assessment and Process for Developing the Revised LEA Plan:

In order to develop the revised LEA Plan, Travis Unified School District used a data-driven, collaborative process. The needs assessment and LEA Plan revision involved district administration, site leaders, parents, teachers, and other stakeholders as appropriate. Strengths and weaknesses have been identified for areas of academic performance, safe schools, communication as it relates to the school and its community, facilities that support educational programs, and fiscally responsible decision-making.

A part of the review involved documentation such as professional development plans at both site and district level, the English Learner Master Plan, Single Plans for Student Achievement, California Healthy Kids Survey, Safety Plans, Board policies, Parent Involvement policies, and attendance reports available through our A2A attendance monitoring system.

Review and analysis of academic performance was conducted using data from state assessments (STAR: CST, API, AYP, CELDT, CASHEE) and district common assessments. Tools such as the Academic Program Survey and District Academic Survey were also used to examine instructional practices and alignment with curriculum and standards.

Conclusions from this data analysis coupled with the review of academic programs, curriculum, and progress towards district goals support the following strengths for Travis Unified School District:

- TUSD district API (Academic Performance Index) score increased by ten points from 824 to 834.
- 7 of 8 schools increased their API scores.
- Vanden High School raised the school's API to 832, the highest in Solano County for a high school.
- All subgroups made growth in API from 2011 to 2012.
- The Hispanic/Latino subgroup made the greatest gain in API in 2012 (3% gain).
- In Mathematics, TUSD made Safe Harbor for all subgroups except "students with disabilities" as measured by AYP (Adequate Yearly Progress).
- TUSD met graduation rate criteria for all significant subgroups as measured by AYP.

Charts on the following pages help to illustrate TUSD's strengths.

Gains in student achievement for TUSD can be attributed to recent district initiatives such as the UC Davis Math Project (Algebraic Thinking), Kagan Cooperative Learning Strategies, GLAD (Guided Language Acquisition and Design), Instructional Coaching, and training in technology. Teachers and administrators have participated in on-going professional development in order to implement instructional practices and assessments aligned to the California Common Core Standards.

In addition to the professional development opportunities discussed above, TUSD has:

- Developed and implemented common assessments and benchmarks for K-2 in English Language Arts and for grades 3-12 in Mathematics.
- Implemented A2A, a new attendance monitoring system, to improve student attendance rates thereby improving student achievement.
- Implemented an on-line virtual learning environment called Plato. The Plato Learning Environment was offered for credit recovery for our high school students initially, but has been expanded to include enrichment opportunities for high school students, remediation for middle school students, and short-term independent study for K-6 students at our schools on Travis Air Force Base.
- The Superintendent's Ad Hoc Committee on Special Education, comprised of parents, teachers, and administrators, is exploring alternative options for more inclusive delivery of special education services to students.
- Continued professional development for administrators and teachers on Response to Intervention and Positive Behavior Interventions and Support.

Needs:

With three schools entering Program Improvement Year Two and one school entering Program Improvement Year One, Travis USD will focus efforts on improving achievement for all students in the district while intensifying efforts to bring these four schools out of Program Improvement. In particular, Travis USD will:

- Continue to address student and staff attitudes about testing.
- Maintain safe and productive learning environments for students and staff.
- Continue efforts toward implementation of the California Common Core Standards
- Continue efforts to improve achievement in mathematics for all students as measured by API and AYP. The UC Davis Math Project (Algebraic Thinking) is critical to this goal.
- Continue to offer professional development such as Kagan Cooperative Learning Strategies and GLAD to further improve instructional practices and student achievement as a result.
- Use school and student achievement data to inform decisions regarding curriculum, instruction, and intervention.
- Allocate resources to activities most likely to increase student achievement.
- Target academic needs of all students in English-Language Arts with a focus on individual students as measured by API, AYP, and district measures. Targeted intervention in ELA will be aimed at specific subgroups and students in order to reach "safe harbor" as measured by AYP (see chart below).

The Instructional Program:

State legislative action suspended mandated timelines and budgetary guidelines for state adoptions resulting in a delay in the adoption process for English-Language Arts and Math. With that, in 2009-10, TUSD delayed the plan for additional textbook adoptions. This legislative change also suspended the requirements that ELA core and intensive intervention adoptions be purchased by Spring 2010 using IMFRP [resource 7156] and Lottery IMF [resource 6300] funds, and distributed to K-6 teachers before the start of the 2011-12 school year.

With the transition to the California Common Core Standards and new state standardized testing on the horizon, Travis USD is focusing on curriculum, instructional practices, and technology to support this transition.

Credentialed Teacher and Teacher Professional Development Opportunities:

As of February 2013, 97.7% of Travis USD teachers meet the “highly qualified” requirements of NCLB and 94.5% of the classroom teachers who instruct English Learners have CLAD certification.

Student Achievement Monitoring System

Travis USD has focused on developing common benchmark assessments for ELA and mathematics, a K-6 standards-based report card tied to those assessments, and monitoring of ELD proficiency progress. The district and schools will use these assessments to monitor student progress, along with curriculum-embedded and teacher created formative assessments at the local level.

DataDirector, an on-line student assessment system, supports the district and its schools in monitoring student performance, the development of common assessments, and providing accurate student achievement data that is merged with Aeries, our student information system.

Renaissance Learning Company's web-based programs in mathematics and English Language Arts support the district and its schools in monitoring student performance through common assessments and providing supplemental activities for students for remediation, acceleration, and test preparation.

Fiscal Support: There is evidence of alignment between school and district goals by the publishing of financial and AYP/API performance documents. This will facilitate site School Plans for Student Achievement (SPSA) which are even more closely aligned with the district LEA Plan.

Measures of Student Performance:

For the needs assessment and revision of the LEAP, Travis USD performed an in-depth analysis of student performance measures including both state measures and local district benchmark assessments. Data analysis included:

- STAR (Standardized Testing and Reporting)/CST (California Standards Test)
- CELDT (California English Language Development Test)
- Early Literacy Assessments for kindergarten through second grade
- District benchmark math assessments for grades 3 through 12

Local Measures of Student Performance

(*other* than State-level assessments)

Per NCLB Section 1112 regarding Local Education Agency Plans, each LEA must provide the following descriptions in its Plan:

A description of high-quality student academic assessments, if any, that are in addition to the academic assessments described in the State Plan under section 1111(b) (3), that the local educational agency and schools served under this part will use to:

- a) determine the success of students in meeting the State student academic achievement standards and provide information to teachers, parents, and students on the progress being made toward meeting student academic achievement standards;
- b) assist in diagnosis, teaching, and learning in the classroom in ways that best enable low-achieving students to meet State student achievement academic standards and do well in the local curriculum;
- c) determine what revisions are needed to projects under this part so that such children meet the State student academic achievement standards; and
- d) identify effectively students who may be at risk for reading failure or who are having difficulty reading, through the use of screening, diagnostic, and classroom-based instructional reading assessments.

If the LEA uses such assessments in addition to State Academic assessments, please provide a succinct description below, and indicate grade levels and students served with such assessments.

Also, please describe any other indicators that will be used in addition to the academic indicators described in Section 1111 for the uses described in that Section.

K-2 and grades 7-8 Reading

Compiled by TUSD teachers, the assessments collect and provide data on student performance so that the teachers can modify instruction based on student needs

Grade Level District Developed Interim Assessments in Math

Interim assessments for math have been developed and are in place at grade levels in Elementary, Middle and High School.

Grade level District Developed Interim Assessment in English Language Arts

Primary grade assessments are in the second year of implementation and development

K-6 Standard Based Report Card *(all K-6 students)*

The Standards Based Report Card (SBRC) has been used district wide for all K-6 students beginning in the 2002-03 school year. It is based on the California Content Standards for English-Language Arts, Mathematics, History-Social Science and Science. Student achievement is reported by performance level. The Standards Based Report Card is provided to every parent/guardian three times each year. Two years ago, the SBRC was revised to create a more stream-lined, parent friendly format. Letter grades in core areas were added for grades 4-6 (i.e., A, B, C and I for Intervention)

Other Indicators

Schools are using other criterion referenced assessments that include: Accelerated Reader, Accelerated Math, STAR Reading, STAR Math, Developmental Reading Assessment, Reading Counts, Essential Skills, SBE adopted publisher's assessments, and Read Naturally.

Grades 9-12

Essential Assignments that are standards based have been identified for ninth grade English (first semester); geometry (first semester); Earth Science; World History (first semester). Teachers have been involved in training with in course management software to continue the process of identifying standards-based essential assignments. Performance levels will be tied to grades. The process of developing and implementing department-wide final exams is ongoing.

Travis Unified School District 2012-2013 Profile

Travis Unified School District is a unique district serving student populations from three communities: Vacaville - 48%, Travis AFB - 17%, and Fairfield - 25% and Other - 10%. Inter-district transfer students [those who live outside the attendance area] accounted for 10% of the total enrollment of 5497 in 2012-13. Also, 34% of the district's students are military dependents.

The community of students is culturally and ethnically diverse:

14.0%	African-American	41.8%	Caucasian
10.1%	Filipino	20.4%	Hispanic

The Travis Unified School District consists of five elementary schools, a Spanish Immersion Program for grades K-6, one middle school, one high school, one alternative continuation high school, one community day school, an independent study program, and a home and hospital program.

The Governing Board of the Travis Unified School District maintains an adopted vision plan and goals to guide the education of our students. The Superintendent annually evaluates progress toward achieving these goals and reports results to the board. Governing Board adopted goals are:

Goal #1: Continue to focus on instructional excellence to increase achievement for every student

Goal #2: Ensure a safe and productive environment

Goal #3: Continue to enhance constructive communication within and outside of the school community

Goal #4: Enhance, create, and modernize facilities that support lifelong educational programs.

Goal #5: Continue fiscally responsible decisions while maintaining the collaborative budget process

Describe how the LEA will promote parental and community participation in LEP programs. 	<ol style="list-style-type: none"> a. Travis Unified School District currently provides the following basic instructional services to students identified as English Learners: <u>Structured English Immersion</u> (SEI): K-12 EL students who have been assessed on the CELDT and found to be at "less than reasonable levels of fluency in English" receive daily designated instruction in ELD and access to core content subjects through SDAIE instruction. ELD instruction focuses on listening, speaking, reading and writing in English, is targeted to the students' levels of proficiency in English, and is based on the ELD standards. Core content instruction is based on state grade level standards, and teachers utilize appropriate strategies to ensure comprehensibility of instruction. Both ELD and SDAIE content courses are taught by teachers with the appropriate state authorizations or are in training for appropriate state authorization. <u>English language mainstream</u>: K-12 students who have been assessed on the CELDT and have found to be at "reasonable levels of fluency in English" receive daily instruction in ELD targeted to their language proficiency needs, and grade-level instruction in the core content areas with ongoing attention to the language demands of the instruction. SDAIE strategies continue to be used in the English language mainstream program. Teachers who work with EL students in the English language mainstream program possess appropriate state authorizations or are in training for appropriate state authorization.

Summary of Needs and Strengths for Professional Development

Based on a needs assessment of teacher data for your district, include a narrative that describes areas of needed professional development and areas where adequate professional development opportunities exist.

[Description of activities under Title II, Part A, Subpart 1, Grants to LEA]

STRENGTHS	NEEDS
<p>All stakeholders in TUSD recognize that the hallmark of continuous student achievement is a strong professional development system that changes and adapts to the trends in student achievement and the needs of beginning as well as experienced teachers, administrators and paraprofessionals. Professional development activities are designed and implemented under the direction of the Assistant Superintendent for Educational Services. <u>The goal of TUSD's professional development program, "Improving Student Performance," is to develop staff effectiveness to improve student performance for all students.</u> TUSD professional development activities meet the California Standards for Professional Development that is based on NCLB's definition of high quality professional development.</p> <p><i>Improving Student Performance</i> features continuous program offerings throughout the year. Program offerings are based on student achievement data, teacher and administrator survey results, California's <i>Standards for the Teaching Profession</i>, the K-12 academic content standards, and research of field-based practices. Professional development opportunities offered by TUSD's Educational Services are consistent with board goals, state, district and school initiatives materials, adoptions and research. Our professional development program is characterized by a strong infrastructure of district teacher-trainers who provide training in specialized areas.</p> <p>For special education teachers, there is continuing staff development around curriculum with SELPA (Special Education Local Plan Area) focus on reading, behavior, and alternative dispute resolution. Nonviolent Crisis Intervention training is provided by Travis USD Program Specialists.</p> <p>Most teachers that apply to TUSD are highly qualified as indicated by the following statistics:</p> <ol style="list-style-type: none"> 1. <u>94.5%</u> of teachers and administrators currently have English Learner Certification CLAD, B-CLAD, ELD/SDAIE. Of teachers not EL certified, 2 teachers (out of eleven total) are currently working on English Learner certification. 2. <u>100%</u> of teachers are fully credentialed for the areas in which they teach. 3. As of January, 2005, <u>97.7%</u> of teachers at our Title I schools meet the federal definition of highly qualified. 4. <u>98.43%</u> of teachers in other schools meet the federal definition of highly qualified. 5. <u>N/A%</u> who are not yet fully qualified have demonstrated subject area competence by passing the MSAT. 	<p>TUSD needs to target training for the <u>2</u> regular and special education teachers who are not yet highly qualified.</p> <p>Math STAR results, report cards, and interim assessment data indicates that TUSD continues to need support for staff and would benefit from a stronger professional development program in the teaching of math. In addition, closing the achievement gap among underachieving, minority and poor students necessitates a stronger professional development system. Staff needs continuing professional development in differentiating instruction, cultural diversity, and effective intervention strategies.</p> <p>TUSD needs to continue professional development in mathematics. Strong positive trends in student achievement in mathematics are evident.</p> <p>Training in English learner certification must be continued so that all teachers are fully trained. There are 20 teachers who need certification.</p> <p>District and Site Administrators need to attend professional development activities with teachers in order to provide support, coaching, and to achieve full understanding of the changes needed in the instructional program.</p> <p>District supported on-going professional</p>

<p>6. <u>55%</u> of elementary teachers have advanced degrees and/or certification in reading/language arts.</p> <p>7. <u>58%</u> of middle and high school teachers have advanced degrees or certification in the subject/s they teach.</p> <p>8. <u>100%</u> of special education teachers are fully credentialed.</p> <p><u>Beginning Teachers</u></p> <p>The Yolo/Solano BTSA Program provides pre-intern teachers with subject matter preparation coursework through training in classroom management and teaching strategies, coaching by experienced teachers, and career advisement.</p> <p>Newly hired teachers who are credentialed are expected to participate in an available BTSA Program. BTSA supports the successful completion of a CCTC approved induction program required to obtain a Professional Clear credential. Planned Improvements for Professional Development (Title II)

(Summarize information from district-operated programs and approved school-level plans)

Please provide a description of:	Persons Involved/ Timeline	Related Expenditures	Estimated Cost	Funding Source
<p>1. How the professional development activities are aligned with the State's challenging academic content standards and student academic achievement standards, State assessments, and the curricula and programs tied to the standards:</p> <p>Professional development programs are initiated, continued or changed based on <u>trends</u> in summative and formative assessment data. The data used from STAR, site level and district wide interim assessments focuses on how many students are achieving at the "proficient" level to determine exactly where teachers, and administrators need support. Professional development activities are designed and selected based on staff strengths and needs in relation to student achievement results. Needs assessments and surveys are used with teachers and administrators. Programs are provided to support implementation of standards-based instructional materials.</p>	Assistant Superintendent, teacher trainers, consultants, Site Administrators / ongoing	a) N/A	a) \$ 150,000	a) Title II, Part A and Part D, SLIB, BTSA, Title III
<p>2. How the activities will be based on a review of scientifically based research and an explanation of why the activities are expected to improve student academic achievement:</p> <p>Professional development activities that demonstrate <u>proven success through improved student performance levels on the standards</u> may be initiated.. Features common to these professional development activities include: ongoing coaching; focus on research-based instructional practices; direct relation to currently used instructional materials; individual and collaborative support systems. Current examples include the UC Davis Math Project (Algebraic Thinking), Kagan Cooperative Learning Structures, GLAD (Guided Language Acquisition and Development), use of educational technology, and workshops to support implementation of the Common Core Standards. Successful teachers and principals will demonstrate and coach those who are less successful.</p>	Assistant Superintendent, teacher trainers, consultants, Site Administrators / ongoing	a) Included in cost cited in # 1 (a)	a) included in cost cited in # 1 (a)	a) Title II, Part A and Part D, SLIB, BTSA, Title III

<p>3. How the activities will have a substantial, measurable, and positive impact on student academic achievement and how the activities will be used as part of a broader strategy to eliminate the achievement gap that separates low-income and minority students from other students:</p> <p>a) Professional development activities are substantial and positive based on measurable results in student achievement of the standards indicated by STAR, site level assessments, district wide interim assessments, the High School Exit Exam and SBRC. Positive trends in the data will indicate that a greater percentage of all student groups are achieving “proficient” performance levels on the state’s “essential” content standards.</p> <p><input type="checkbox"/> Specific opportunities that focus on eliminating the achievement gap between low-income and minority students have been designed. <p>4. How the LEA will coordinate professional development activities authorized under Title II, Part A, Subpart 2 with professional development activities provided through other Federal, State, and local programs:</p> <p>a) Coordination of the activities occurs through the development of this plan, each school’s Single Plans for Pupil Achievement, analysis of professional development activity content, and participant evaluation. Areas of focus are to provide training on using data to improve classroom practice and student learning using DataDirector and the Aeries Student Information System; to provide training and professional development opportunities to improve the academic content knowledge of teachers in particularly mathematics, but also areas of ELA, history/social science, and science; to provide training on how to address the needs of every student by differentiating instruction.</p>	Asst. <p>5. The professional development activities that will be made available to teachers and principals and how the LEA will ensure that professional development (which may include teacher mentoring) needs of teachers and principals will be met:</p> <p>A) Categorical funds enable certificated staff including teachers, administrators, counselors, librarians, psychologists, the nurse and other to attend specialized conferences on school climate, positive discipline, and health services. The Language Learner Coordinator attends professional development opportunities offered by the Solano County Office of Education. Special education classified staff receive on-going training under the supervision of the special education teachers and the program specialists in order to make curriculum standards accessible to learning disabled students.</p>	Assistant Superintendent, trainers, consultants /ongoing	a) N/A	a) \$ 60,000	a) Title II, Part A and Part D, SLIB, BTSA, Title III

Performance Goal 4: *All students will be educated in learning environments that are safe, drug-free, and conducive to learning.*

Environments Conducive to Learning (Strengths and Needs):

Please provide a list of the LEA's strengths and needs regarding how students are supported physically, socially, emotionally, intellectually, and psychologically in environments that are conducive to learning, along with the LEA's strengths and needs regarding student barriers to learning (e.g., attendance, mobility, and behavior).

STRENGTHS	NEEDS
<p>Travis Unified School District Safety Plan is supported by individual safety plans at each site. Issues addressed in these plans include:</p> <p>Physical Safety:</p> <ul style="list-style-type: none"> • Emergency Response Team Training • School Resource Officer (7-12) • Conflict managers/resolution teams • Emergency drills practiced on a regular basis • Health Specialists at all sites w/ District nurse for consultation • Vision, hearing and scoliosis screenings for students • SKIP (Solano Kids Insurance Program) available to families • Nonviolent Crisis Intervention training for staff at all school sites <p>Social Well Being:</p> <ul style="list-style-type: none"> • Discipline policies • Student/parent handbooks • After school academic/athletic/enrichment activities • After school "activity" bus for secondary students • Community Day School • In-school suspension (K-12) • Saturday school for truancy/discipline (9-12) • School Attendance Review Board • Progressive Discipline • Majority of sites trained in BEST practices • Access to community volunteers representing a variety of socioeconomic and vocational interests <p>Emotional/Psychological Support:</p> <ul style="list-style-type: none"> • School psychologist and/or counselors at all sites • Student Study Teams • Parents /Student/School Compacts such as Parents and Students Seeking Success • Character Counts (7-8 and some K-6 sites) • Consultation with mental health staff at base hospital regarding military dependent students • Vacaville Police Department Intern Social Worker for some sites • Travis Air Force Base Liaison • Project Support: grant program to provide counseling at some sites <p>Intellectually:</p> <ul style="list-style-type: none"> • Summer School (7-12) and ESY for Pre-K - 12 • RTI programs for students struggling academically • Career Pathways (9-12) • Spanish Language Immersion Program (K-6) • Access to technology for all students • Library media aides at all levels • Collaboration with Solano County Office of Education to provide drug and alcohol prevention program for grades 4, 6, and 7. • Tutoring provided by volunteers, both cross-age and community volunteers 	<ul style="list-style-type: none"> • Continue staff and student training and recognition for conflict managers/resolution teams at all levels. • Update school safety plans/procedures annually and communicate with staff, students, and parents. • Continue the SARB process for elementary sites. • Link high-risk students to community based support systems. • Consistently implement discipline procedures district wide. • Involve a broader base of parents at the site level. • Translate materials that inform parents about rules, responsibilities and procedures for discipline and behavioral problems. • Continue training and support for staff in Nonviolent Crisis Intervention practices. • Continue to improve the safe egress and ingress for our students—while improvements have been made at Scandia and Golden West to facilitate traffic, there are still needs that must be addressed • Examine our data on bullying on the school sites, and begin to explore programs that may address this issue. • Continue staff mentoring for high-risk students. (7-12) • Provide additional fencing/lighting/and or monitoring system for after school hours on secondary sites and for Center Elementary. • Provide additional psychologist/counselor time for counseling and support of students • Provide additional campus monitor hours for secondary and elementary sites • Provide public announcement systems needed at some sites to improve safety communications

Environments Conducive to Learning (Activities):

Please list the activities or programs supported by all NCLB or state funded programs that the LEA will implement to support students physically, socially, emotionally, intellectually, and psychologically in environments that are conducive to learning. Include programs and strategies designed to address students' barriers to learning (e.g. attendance and behavior). Include a copy of the LEA's code of conduct or policy regarding student behavior expectations.

ACTIVITIES**Physical Safety:**

- Emergency Response Team training
- School Attendance Review Board.
- Yearly health screenings in vision, hearing, and scoliosis.
- Yearly update of student/parent handbooks.
- Conflict management/resolution teams available.
- Progressive discipline programs to include expulsion procedures.
- Training for Administrators on suspension and expulsion procedures.
- Nonviolent Crisis Intervention training for staff at all school sites.
- Campus monitors at secondary and, where possible, targeted Elementary School Sites

Social Well Being:

- Before/after school programs for enrichment, academic support, interscholastic and intramural athletics, homework clubs, music, peer tutoring, drama, yearbook, journalism, community service-based clubs.
- Operation Hero program on base schools which provides social support and tutoring for military students.
- Transportation available for secondary students to avail themselves to these after/before school activities.
- Alternative Education programs, including a Community Day School and an Independent Study program as available for students with need
- The District has implemented a Wellness Plan for students and staff
- The adoption of a comprehensive (K-12) health curriculum
- BEST practices used by majority of school sites

Emotional/Psychological Support:

- Counseling support for students/parents with deployed parent/relatives through our school psychologists and counselors at all school sites.
- K-12 Psychologist/Counselor led student group meetings.
- Collaboration established with Solano County Office of Education to integrate systems and resources to assess and identify prevention education strategies in achieving a reduction in alcohol, tobacco and other drug use among the youth attending TUSD
- School Resource Officer serves as a liaison between students, parents, and community; issues citations for criminal acts; patrols secondary campuses, participates in the School Attendance Review Board
- Common Sense Parenting classes provided for military parents through David Grant Medical Center

Intellectually:

- Coordinated common planning times for elementary and secondary staff.
- Coordinated program with Travis Air Force Base Family Support Center for Operation Hero at the base schools.
- Volunteers within the classroom to tutor students.
- RtI programs in place to support struggling students
- The elementary school and middle school students are receiving the "Too Good for Drugs" instruction by means of a collaborative effort with the Solano County Office of Education.
- The high school has purchased materials to supplement their health curriculum to support safe and drug free choice and increase student resiliency and they will be including further instruction in their health classes.
- An additional reading and math period are in place for students not yet passing the CAHSEE.

Needs and Strengths Assessment (4115(a)(1)(A)):

Based on data regarding the incidence of violence and alcohol, tobacco, and other drug use in the schools and communities to be served, and other qualitative data or information, provide a list of the LEA's strengths and needs related to preventing risk behaviors.

STRENGTHS	NEEDS
<ul style="list-style-type: none">• Ongoing collection of data on ATODV through CHKS.• Information gathered on suspensions, expulsions, and crime incidents within our community (from Aeries Student Information System).• Teachers provide instruction on the appropriate use of information on the Internet.• Buddy programs in place to welcome new students at most schools• Safe School Plans are in place at each site and goals are updated yearly.• School psychologists and/or school counselors are available at each school site for counseling/prevention/cessation.• Too Good for Drugs program promotes healthy choices for students and provides pre and post instruction data• Anti-bullying programs at school sites	<ul style="list-style-type: none">• Buy in for teachers to integrate ATOD issues into their curriculum needs to be improved.• Teacher training in strategies for integrating ATOD into the curriculum at all levels.• Staff needs to participate in staff development offerings and have incentives for doing so.• ATOD data needs to be reviewed on a yearly basis, not just when the CHKS results are given to sites.• More comprehensive transition programs to link elementary-middle and middle-high school students.• Diversity is addressed through the use of standards based instructional materials and additional adjunct training for all staff is needed.• Continue to provide the funds for the "Keeping it Real" program through categorical funds

Performance Goal 4: *All students will be educated in learning environments that are safe, drug-free, and conducive to learning.*

Safe and Drug Free Schools and Communities (SDFSC) and Tobacco Use Prevention Education (TUPE)

Prevention Program Performance Indicators (4115(a)(1)(B)):

The LEA is required to establish a biennial goal for all of the performance indicators listed below. List specific performance indicators for each grade level served, and for each listed measure, as well as the date of, and results from, the baseline administration of the Healthy Kids Survey:

The funding source for this program has been eliminated and this program was not presented to students in 2010.

Other Performance Measures

List below any other performance measures and performance indicators the LEA has adopted specific to its prevention programs (drug, violence, truancy, school safety, etc.). Specify the performance measure, the performance indicator goal, and baseline data for that indicator.

LEA Specified Performance Measures <u>A2A Attendance Monitoring System</u> (Process to Collect Data)	Performance Indicator Goal	Baseline Data
A2A is an attendance monitoring system that interfaces with Aeries, our student information system, to track student attendance. Truancy letters are automatically generated after three absences and outcomes are tracked.	14%	15%

Science Based Programs (4115 (a)(1)(C)):

The LEA must designate and list the science-based programs (programs proven by science to effectively prevent tobacco use, alcohol use, other drug use, and violence) selected from Appendix C. From Appendix C, list the scientifically based programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

Science-Based Program Name	Program ATODV Focus	Target Grade Levels	Target Population Size	Purchase Date	Staff Training Date	Start Date
Keeping It Real	A, TD	6, 7	1,165	1/12	1/05	1/05

Our interpretation of our data led us to concentrate our efforts into the late elementary and middle school years. The California Healthy Kids survey data indicated that the onset of drug and alcohol use for our district's population was somewhere between fifth and ninth grades. We wanted to concentrate our efforts on prevention of use, so we targeted our elementary schools—sixth grades, and our middle school—7th grade. A new program, Keeping It Real, was introduced at the 6th and 7th grade levels in conjunction with the Solano County Office of Education. The California Healthy Kids Survey was reinstated in Travis Unified this year at grades 7, 9, and 11. The surveys were completed by students in the Spring of 2012.

Research-based Activities (4115 (a)(1)(C)):

Based on the research cited in Appendix D, check the box for each activity the LEA will implement as part of the comprehensive prevention program and provide all other requested information.

Promising or Favorable Programs (4115 (a)(3)):

The LEA may – but is not required to – designate and list the promising or favorable programs (programs whose effectiveness is not as strongly established though scientific evidence) selected from Appendix E. From Appendix E, list the promising or favorable programs the LEA will adopt and implement to serve 50 percent or more of the students in the target grade levels. Indicate below your program selections, and provide all other requested information.

Promising Program name	Program ATODV Focus	Target Grade Levels	Target Population Size	Purchase Date	Staff Training Date	Start Date

Waiver to Adopt Promising or Favorable Programs not listed in Appendix E:

Check the box below if the LEA will submit an application for waiver in order to include other promising or favorable programs not found in Appendix E. Programs not listed in Appendix E will be considered on a case-by-case basis. The LEA must demonstrate that the program for which a waiver is requested is legitimately innovative or demonstrates substantial likelihood of success. The CDE will provide under separate cover additional information and the forms for submitting a waiver request.

Analysis of Data for Selection of Programs and Activities (4115 (a)(1)(D)):

For each selected Appendix C programs or Appendix D activities, provide a brief narrative rationale based on the LEA's analysis of CSS, CHKS, and CSSA data related to why the LEA selected these programs and activities for implementation.

In collaboration with the Solano County Office of Education, the district has adopted the *Keeping It Real* program for our 6th and 7th grade students. We want to continue our prevention efforts at the late elementary and middle school level. Our data indicates our students' first use of ATOD is during these years.

CHKS data has been shared both with sites and with the public regarding our ATOD. In addition, the pre and posttests from the *Keeping It Real* program show an increased awareness of our students to the dangers of ATOD from the participation in the program. This data is also shared with sites, site councils, and with the board and public through a board meeting.

Evaluation and Continuous Improvement (4115 (a)(2)(A)):

Provide a description for how the LEA will conduct regular evaluations of the effectiveness of the LEA's alcohol, tobacco, and other drug use and violence prevention program. Describe how the results of the evaluation will be used to refine, improve and strengthen the program.

We will continue to use the CHKS every other year as required. We have completed the survey for Spring of 2012. Sites have been given their new data, and will now have comparison data for the past three surveys that spans 6 years.

Students will also complete pre/posttest after the Keeping It Real Program delivery to assess changes in knowledge, attitudes, and intentions to use ATOD and participate in violent acts.

We will continue to work with our local law enforcement agencies, probation department, community services, and county mental health to provide services and information to students involved with ATODV. The Coordinator of Student Services and the Principal for Alternative Education meet monthly with the Interagency Task Force to exchange information on "at risk" students. In addition, our secondary administrators attend a monthly "Gang Task Force Meeting" to gain information on local trends with ATOD and street violence.

The CHKS data is analyzed, along with additional site information, by the site-level Safe Schools Committee looking at both district wide trends and specific strength and needs at each site. Goals addressing areas of concern are included in the *Safe Schools Plan* for each site. These plans are shared with the Governing Board each March. District-wide trends are discussed at the District Safety Committee meetings, and categorical budgets are reviewed to ensure that the money spent is addressing the needs of the district.

Use of Results and Public Reporting (4115 (a)(2)(B)):

Describe the steps and timeline the LEA will use to publicly report progress toward attaining performance measures for the SDFSC and TUPE programs. Describe how the evaluation results will be made available to the public including how the public will be provided notice of the evaluation result's availability.

Evaluation after a series of prevention lessons throughout the school year, post-test information on changes in knowledge, attitudes and intentions will be collected for those students involved with the curriculum "Keeping It Real." This information will be shared with the Safety Committee, individual sites, and the School Board. The sites use the CHKS data, the "Keeping It Real" data, and survey data collected each spring from a parent, student, and staff survey as well as discipline and truancy data to set goals and action items for their Safe School Plans. The Safe School Plans are shared out with School Site Councils, Leadership Teams, etc. to ensure that all stakeholders are kept informed. The CHKS data and Safe School Plans are shared with the school board at a public meeting in March.

Information will be available in the SARC and other local communications such as the Annual Report to the Community.

Mandatory Safe and Drug Free Schools and Communities (4114(d)(2)(E)):

Briefly describe how SDFSC funded program services will be targeted to the LEA's schools and students with the greatest need. (Section 4114 [d][3])

The school district defines the highest need students as students who receive Title I services, are English Language Learners, have emotional or mental health problems, and are performing below standards. The following services are funded for students with the greatest needs:

- Early identification and intervention services with district counselors and/or psychologists
- After school activities that focus on academic tutoring, and opportunities to participate in non-academic, creative, and athletic activities.
- Saturday School for students with ATOD use on campus truancy and other discipline matters
- Youth development projects such as canned food/warm coat drives
- Referral System for family counseling and support services is a part of every Single Plan for Pupil Achievement (Appendix L)
- Foster Care and Homeless Liaison in the District to provide services or referral to services for our Foster and Homeless Youth
- An after school intervention program for students suspended for alcohol and/or other drugs.
- A tobacco cessation referral booklet and referral to community tobacco cessation program for students who express an interest in quitting tobacco use.

Coordination of All Programs (4114 (d)(2)(A)):

Provide a detailed, but brief, explanation of how the LEA will coordinate SDFSC funded alcohol, tobacco, other drug and violence prevention programs with other federal state and local prevention programs.

Our district has entered into a collaborative effort with the Solano County Office of Education to diversify the information and community resources for our district. A liaison from our district attends all Safe and Drug Free Schools County meetings, and shares information back with our district Safety Committee, which includes members from school sites including teachers, administrators, classified staff, students, parents, nurse, supervisor of custodians/grounds and community support from Travis Air Force Base..

Coordination takes place through the district LEAP and the SPSA's. Training on Nonviolent Crisis Intervention is partially funded by Carl Washington Funds. This is offered as an ongoing part of Travis Unified School District's professional development.

District staff attends meetings held by local law enforcement and juvenile probation organizations to disseminate information and coordinate efforts in dealing with our students. The district works closely with the local law enforcement agencies to refer students and families to diversion programs.

Student Service personnel attends meetings with the District Attorney's office and local law enforcement to share truancy information and ensure that the district, court, and probation department have procedures that work efficiently for court referrals from the district SARB.

The Vacaville Police and Fire Departments provided emergency response team training to 60 of our staff members in the last five years. Each year trained staff participates in a simulation disaster drill. The instruction is free, and emergency backpacks and materials for the program came from the Safety Rebate money provided by our district's insurance agency.

Parent Involvement (4115 (a)(1)(e)):

Provide a brief, but detailed, description of the parent involvement and describe the parent notification procedures used to meet requirements under NCLB Title IV, Part A – SDFSC program.

Parents are involved in our district at many levels, such as volunteers in the classroom; committees such as PTA, Safe & Sober Grad Night, School Site Councils, Leadership Teams, Booster Clubs, and District Safety Meetings. Parents are recruited from all ethnic and socioeconomic groups in our district to be representative. Information on Suspension/expulsion data is presented to the school board, and is included in each school's SARC. Parents and other community members are invited and encouraged to attend the District Safety Meetings. All Safe School Plans and SPSA's are developed and approved with site committees which include parents and community members as active participants. In addition, the plans are presented in a public board meeting for review and approval. The CHKS data is posted on our district web site and shared with the school board at a public meeting. We are continuing the "We Tip" program that allows students and parents to report crime on school sites anonymously. Every year the district sends out a parent booklet that contains all notifications to parents required by education code. This goes out either in a mailing before school starts, is given out at counseling appointments before school starts, or is sent home the first week of school.

TUPE Services for Pregnant Minors and Minor Parents (H&SC 104460):

Describe the TUPE services and referral procedures for pregnant minors and minor parents enrolled in the LEA and how they will be provided with tobacco-use prevention services. Include students participating in programs such as the California School Age Families Education (Cal-SAFE) program, the Adolescent Family Life Program (AFLP) administered through the Department of Health Services, and the Cal-Learn program administered by the Department of Social Services.

Once pregnant minors or minor parents are identified by the district, they may meet with their counselor and/or school psychologist. The counselor assesses when services are needed, including whether the minor uses tobacco or has family members who use tobacco products. Students have access to community agencies that provide cessation counseling on a one to one basis. The counselor/psychologist provides case management to the adolescent assuring these linkages are completed and follow up is provided.

TUPE Funded Positions (Health & Safety Code 104420(b)(3)):

Provide full time equivalent (FTE) staffing configuration for all TUPE funded positions. (Health and Safety Code section 104420 [b](3))

Performance Goal 5: All students will graduate from high school.

Planned Improvements: High School Graduation Rates, Dropouts, and AP

This section of the plan is intended to reflect the LEA's efforts to reduce the percentage of students dropping out of school, and therefore, increase the percentage of students who graduate from high school. Also include a description below of the LEA's efforts to ensure that all students have equal access to advanced placement (AP) opportunities.

Performance Indicator	Activities/Actions	Students Served	Timeline/ Person(s) Involved	Benchmarks / Evaluation	Funding Source
5.1 (High School Graduates)	a) All students complete four-year academic plans upon enrollment. b) Parents are notified of graduation requirements. c) Counselors are assigned to all students, and schedule annual meetings to assess progress. d) Notices are sent to parents concerning progress; conferences are scheduled when needed.	a) All students	a) Counselors and administrators/at enrollment b) Administrators and parents/annually c) Counselors/ongoing d) Administrators, counselors and parents/as needed	a-d) Vanden High and Travis Education Center will set goals of 100% and 98% graduation rates for regular ed students.	a-d) General Fund; Pupil Retention Block Grant, CAHSEE Fund

Additional Mandatory Title I Descriptions

Please include in the space below the following descriptions mandated by NCLB legislation. If the LEA has already included any of the descriptions, they do not need to be provided again here; please indicate the page number or section of the Plan where this information is included.

Describe the measure of poverty that will be used to determine which schools are eligible for Title I funding in accordance with Section 1113, “Eligible School Attendance Areas.”

Title I ranking criteria is student eligibility for free and reduced price lunch. The district wide poverty rate is 27.6% and schools are funded by poverty ranking. During 2012-13, Title I funds were allocated to four elementary schools and one middle school on a targeted assistance basis.

Provide a general description of the nature of the programs to be conducted by the LEA’s schools under Sections 1114, “Schoolwide Programs,” and/or Section 1115. “Targeted Assistance Schools.” Direct-funded charters and single school districts, if conducting a schoolwide program authorized under Section 1114, may attach a copy of the Schoolwide Plan or Single Plan for Student Achievement in lieu of this description. All ten of the required components must be addressed. (For more information on Schoolwide, please go to <http://www.cde.ca.gov/sp/sw/rl>, for Targeted Assistance go to <http://www.cde.ca.gov/sp/sw/rt/tasinfo.asp>).

For the targeted assistance school identification of students, staff target specific content areas and grade levels based on student achievement data. Students eligible for service are identified for Title I services using multiple measures including teacher referral checklists, district-wide formative assessments in mathematics and English Language Arts, and CST in English Language Arts and Mathematics.

Students transitioned from their Title I experience are monitored for determination of sustained growth. Teachers are the primary decision-makers assisted by support staff including administration and guidance personnel.

Parents are notified of eligibility and may accept / decline services and advised in writing, group meetings and parent-teacher conferences regarding the Title I program. Annual evaluation of student progress by staff and School Site Council is reported to the school community.

Additional Mandatory Title I Descriptions

(continued)

Provide a general description of the nature of the programs to be conducted by the LEA's schools under Sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children in community day school programs, and homeless children.

The Title I Supplementary Instruction is held before and/or after school for grades K-8. Reading, English Language Arts and Mathematics are focus areas. Various grade level programs also occur during summer vacation weeks. The class size for supplemental instruction classes such as summer school and other supplementary hourly programs is maintained at 27 student maximum hard cap. **Homeless students are identified; parents notified of eligibility and may accept / decline services.** In addition, Title I instruction is provided during the school day at some school sites.

Please describe the actions the LEA will take to assist in its low-achieving schools identified under Section 1116 as in need of improvement.

Each school is making adequate yearly progress. The district has an API of 834, with no school achieving lower than 801.

The LEA supports all schools by:

- Providing assessment data analysis.
- Providing budget analysis and planning.
- Supporting the development of the Single Plan for Student Achievement.
- Providing a professional development program that addresses academic achievement of students and teachers.
- Providing site specific support as requested.
- Providing standards based curriculum and instructional materials for use district-wide.
- Providing standards based curriculum guides and pacing guides for History-Social Science, Science, Mathematics, and English Language Arts, K-6.

Additional Mandatory Title I Descriptions (continued)

Please describe the actions the LEA will take to implement public school choice and Supplemental Services, consistent with the requirements of Section 1116.

Three schools have entered Program Improvement Year Two (Cambridge, Center, Golden West) and one school (Scandia) has entered Program Improvement Year One.

The LEA will:

- Provide notification to parents that the school is in Program Improvement
- The parent notification will include information about what PI status means, what the school is doing to address the problem, offer a transfer to a non-PI school with paid transportation
- Provide information to help parents decide which school(s) would be best for their student
- Provide information about supplemental services such as before and after school intervention programs, services offered during the school day, services for English Learners

Please describe the strategy the LEA will use to coordinate programs under Title I with programs under Title II to provide professional development for teachers and principals, and, if appropriate, pupil services personnel, administrators, parents, and other staff, including LEA-level staff in accordance with sections 1118 and 1119.

Professional development is based on 1) student achievement data and, 2) teacher need (not yet HQT). Each school's Single Plan for Student Achievement demonstrates how resources are used directly to support professional development focused on improving student performance. Data is analyzed and professional development is planned accordingly.

Schools share professional development opportunities.

Teachers at all schools may participate in professional development activities designed to assist them in becoming highly qualified teachers. Title I funds (5%) are set aside specifically to support those teachers not yet highly qualified and their highly qualified colleagues in professional development activities designed to enhance their effectiveness in providing instruction for Title I students.

Additional Mandatory Title I Descriptions

Coordination of Educational Services

In the space below, please describe how the LEA will coordinate and integrate educational services at the LEA or individual school level in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program. Include programs such as:

Even Start; Head Start; Reading First; Early Reading First and other preschool programs (including plans for the transition of participants in such programs to local elementary school programs; services for children with limited English proficiency; children with disabilities; migratory children; neglected or delinquent youth; Native American (Indian) students served under Part A of Title VII; homeless children; and immigrant children.

The goal for the coordination of educational services is to ensure that there is a cohesive, non-fragmented system of support beyond and not intruding upon the core academic program for students. The intensive/academic intervention programs are offered in expanded day, Intersession, and summer programs. These programs enhance classroom instruction using supplemental instructional strategies and materials specifically designed for intervention. District and community resources to support the health and social needs of the students and their families are part of this coordination.

All qualified students, including homeless and immigrant children, students with disabilities and English Learners, may participate in Title I funded activities that supplement the core academic program. The focus is on targeted instruction with curriculum-based assessments. Students are identified and progress tracked through Student Study Team meetings and the use of qualified data tools and assessments by school site staff. Records of the meetings and student intervention Action Plans follow the student through his/her school years and rosters of students who participate are maintained.

Community resources are combined with school resources to improve the school stability, access, and support for our children and their families. The community support systems in place address the health and human needs of our students, while the district focuses on their academic needs. The Safe Schools Committee meets quarterly to share input of key stakeholders within our community. The committee is comprised of members representing:

K-12 Principals and Assistant Principals
Site Safety Committee Teacher Reps
Certificated Staff Union President
Supervisor of Maintenance & Operations
District Nurse
Assistant Superintendent of Educational Services
Secretary of Student Services Office
Travis Air Force Base School Liaison

ASSURANCES

To assure the LEA's eligibility for funds included in this Plan, the Superintendent must provide an original signature below attesting to compliance with all of the following statements.

GENERAL ASSURANCES

1. Each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications.
2. The LEA will comply with all applicable supplement not supplant and maintenance of effort requirements.
3. (a) The control of funds provided under each program and title to property acquired with program funds will be in a public agency, a non-profit private agency, institution, organization, or Indian tribe, if the law authorizing the program provides for assistance to those entities; (b) the public agency, non-profit private agency, institution or organization, or Indian tribe will administer the funds and property to the extent required by the authorizing law.
4. The LEA will adopt and use proper methods of administering each such program, including – (a) the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program; and (b) the correction of deficiencies in program operations that are identified through audits, monitoring, or evaluation.
5. The LEA will cooperate in carrying out any evaluation of each such program conducted by, or for, the State educational agency, the Secretary, or other Federal officials.
6. The LEA will use such fiscal control and fund accounting procedures as will ensure proper disbursement of, and accounting for, Federal funds paid to the applicant under each such program.
7. The LEA will – (a) submit such reports to the State educational agency (which shall make the reports available to the Governor) and the Secretary as the State educational agency and Secretary may require to enable the State educational agency and Secretary to perform their duties under each such program; and (b) maintain such records, provide such information, and afford such access to the records as the State educational agency (after consultation with the Governor) or the Secretary may reasonably require to carry out the State educational agency's or the Secretary's duties.
8. The LEA has consulted with teachers, school administrators, parents, and others in the development of the local consolidated application/LEA Plan to the extent required under Federal law governing each program included in the consolidated application/LEA Plan.
9. Before the application was submitted, the LEA afforded a reasonable opportunity for public comment on the application and considered such comment.

- 9a. The LEA will provide the certification on constitutionally protected prayer that is required by section 9524.
10. The LEA will comply with the armed forces recruiter access provisions required by section 9528.

TITLE I, PART A

The LEA, hereby, assures that it will:

11. Participate, if selected, in the State National Assessment of Educational Progress in 4th and 8th grade reading and mathematics carried out under section 411(b)(2) of the National Education Statistics Act of 1994.
12. If the LEA receives more than \$500,000 in Title I funds, it will allow 1% to carry out NCLB Section 1118, Parent Involvement, including promoting family literacy and parenting skills; 95% of the allocation will be distributed to schools.
13. Inform eligible schools and parents of schoolwide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources.
14. Provide technical assistance and support to schoolwide programs.
15. Work in consultation with schools as the schools develop the schools' plans pursuant to section 1114 and assist schools as the schools implement such plans or undertake activities pursuant to section 1115 so that each school can make adequate yearly progress toward meeting the State student academic achievement standards.
16. Fulfill such agency's school improvement responsibilities under section 1116, including taking actions under paragraphs (7) and (8) of section 1116(b).
17. Provide services to eligible children attending private elementary schools and secondary schools in accordance with section 1120, and timely and meaningful consultation with private school officials regarding such services.
18. Take into account the experience of model programs for the educationally disadvantaged, and the findings of relevant scientifically based research indicating that services may be most effective if focused on students in the earliest grades at schools that receive funds under this part.
19. In the case of an LEA that chooses to use funds under this part to provide early childhood development services to low-income children below the age of compulsory school attendance, ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act.
20. Work in consultation with schools as the schools develop and implement their plans or activities under sections 1118 and 1119 and *California Education Code Section 64001*.
21. Comply with requirements regarding the qualifications of teachers and paraprofessionals and professional development.

22. Inform eligible schools of the local educational agency's authority to obtain waivers on the school's behalf under Title IX.
23. Coordinate and collaborate, to the extent feasible and necessary as determined by the local educational agency, with the State educational agency and other agencies providing services to children, youth, and families with respect to a school in school improvement, corrective action, or restructuring under section 1116 if such a school requests assistance from the local educational agency in addressing major factors that have significantly affected student achievement at the school.
24. Ensure, through incentives for voluntary transfers, the provision of professional development, recruitment programs, or other effective strategies, that low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers.
25. Use the results of the student academic assessments required under section 1111(b)(3), and other measures or indicators available to the agency, to review annually the progress of each school served by the agency and receiving funds under this part to determine whether all of the schools are making the progress necessary to ensure that all students will meet the State's proficient level of achievement on the State academic assessments described in section 1111(b)(3) within 12 years from the baseline year described in section 1111(b)(2)(E)(ii).
26. Ensure that the results from the academic assessments required under section 1111(b)(3) will be provided to parents and teachers as soon as is practicably possible after the test is taken, in an understandable and uniform format and, to the extent practicable, provided in a language or other mode of communication that the parents can understand.
27. Assist each school served by the agency and assisted under this part in developing or identifying examples of high-quality, effective curricula consistent with section 1111(b)(8)(D) and *California Education Code Section 64001*.
28. Ensure that schools in school improvement status spend not less than ten percent of their Title I funds to provide professional development (in the area[s] of identification to teachers and principals) for each fiscal year.
29. Prepare and disseminate an annual LEA report card in accordance with section 1111(h)(2).
30. Where applicable, the applicant will comply with the comparability of services requirement under section 1120A(c). In the case of a local educational agency to which comparability applies, the applicant has established and implemented an agency-wide salary schedule; a policy to ensure equivalence among schools in teachers, administrators, and other staff; and a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies. Documentation will be on file to demonstrate that the salary schedule and local policies result in comparability and will be updated biennially.

TITLE I, PART D – SUBPART 2

31. Where feasible, ensure that educational programs in the correctional facility are coordinated with the student's home school, particularly with respect to a student with an individualized education program under Part B of the Individuals with Disabilities Education Act.

32. Work to ensure that the correctional facility is staffed with teachers and other qualified staffs that are trained to work with children and youth with disabilities taking into consideration the unique needs of such children and youth.
33. Ensure that the educational programs in the correctional facility are related to assisting students to meet high academic achievement standards.

TITLE II, PART A

34. The LEA, hereby, assures that:

- The LEA will target funds to schools within the jurisdiction of the local educational agency that:
(A) have the lowest proportion of highly qualified teachers;
(B) have the largest average class size; or
(C) are identified for school improvement under section 1116(b).
- The LEA will comply with section 9501 (regarding participation by private school children and teachers).
- The LEA has performed the required assessment of local needs for professional development and hiring, taking into account the activities that need to be conducted in order to give teachers the means, including subject matter knowledge and pedagogy skills, and to give principals the instructional leadership skills to help teachers, to provide students with the opportunity to meet California's academic content standards. This needs assessment was conducted with the involvement of teachers, including teachers participating in programs under Part A of Title I.
- The LEA will assure compliance with the requirements of professional development as defined in section 9101 (34).

TITLE II, PART D

35. The LEA has an updated, local, long-range, strategic, educational technology plan in place that includes the following:
 - Strategies for using technology to improve academic achievement and teacher effectiveness.
 - Goals aligned with challenging state standards for using advanced technology to improve student academic achievement.
 - Steps the applicant will take to ensure that all students and teachers have increased access to technology and to help ensure that teachers are prepared to integrate technology effectively into curricula and instruction.
 - Promotion of curricula and teaching strategies that integrate technology, are based on a review of relevant research, and lead to improvements in student academic achievement.
 - Ongoing, sustained professional development for teachers, principals, administrators, and school library media personnel to further the effective use of technology in the classroom or library media center.

- A description of the type and costs of technology to be acquired with Ed Tech funds, including provisions for interoperability of components.
 - A description of how the applicant will coordinate activities funded through the Ed Tech program with technology-related activities supported with funds from other sources.
 - A description of how the applicant will integrate technology into curricula and instruction, and a timeline for this integration.
 - Innovative delivery strategies – a description of how the applicant will encourage the development and use of innovative strategies for the delivery of specialized or rigorous courses and curricula through the use of technology, including distance learning technologies, particularly in areas that would not otherwise have access to such courses or curricula due to geographical distances or insufficient resources.
 - A description of how the applicant will use technology effectively to promote parental involvement and increase communication with parents.
 - Collaboration with adult literacy service providers.
 - Accountability measures – a description of the process and accountability measures that the applicant will use to evaluate the extent to which activities funded under the program are effective in integrating technology into curricula and instruction, increasing the ability of teachers to teach, and enabling student to reach challenging state academic standards.
 - Supporting resources – a description of the supporting resources, such as services, software, other electronically delivered learning materials, and print resources that will be acquired to ensure successful and effective uses of technology.
36. The LEA must use a minimum of 25 percent of their funds to provide ongoing, sustained, and intensive high quality professional development in the integration of advanced technology into curricula and instruction and in using those technologies to create new learning environments.
37. **Any LEA that does not receive services at discount rates under section 254(h)(5) of the Communications Act of 1934 (47 U.S.C. 254(h)(5)) hereby assures the SEA** that the LEA will not use any Title II, Part D funds to purchase computers used to access the Internet, or to pay for direct costs associated with accessing the Internet, for such school unless the school, school board, local educational agency, or other authority with responsibility for administration of such school:
- has in place a policy of Internet safety for minors that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene, child pornography, or harmful to minors; and
 - is enforcing the operation of such technology protection measure during any use of such computers by minors; and
 - has in place a policy of Internet safety that includes the operation of a technology protection measure with respect to any of its computers with Internet access that protects against access through such computers to visual depictions that are obscene or child pornography, and is enforcing the operation of such technology protection measure during any use of such computers.
 - Any LEA that does receive such discount rates hereby assures the SEA that it will have in place a policy of Internet safety for minors required by Federal or State law.

TITLE III

38. The LEA assures that it consulted with teachers, researchers, school administrators, parents, and, if appropriate, with education-related community groups, nonprofit organizations, and institutions of higher education in developing the LEA Plan.
39. The LEA will hold elementary and secondary schools accountable for increasing English language proficiency and for LEP subgroups making adequate yearly progress.
40. The LEA is complying with Section 3302 prior to, and throughout, each school year.
41. The LEA annually will assess the English proficiency of all students with limited English proficiency participating in programs funded under this part.
42. The LEA has based its proposed plan on scientifically based research on teaching limited-English-proficient students.
43. The LEA ensures that the programs will enable to speak, read, write, and comprehend the English language and meet challenging State academic content and student academic achievement standards.
44. The LEA is not in violation of any State law, including State constitutional law, regarding the education of limited-English-proficient students, consistent with Sections 3126 and 3127.

TITLE IV, PART A

45. The LEA assures that it has developed its application through timely and meaningful consultation with State and local government representatives, representatives of schools to be served (including private schools), teachers and other staff, parents, students, community-based organizations, and others with relevant and demonstrated expertise in drug and violence prevention activities (such as medical, mental health, and law enforcement professionals).
46. The activities or programs to be funded comply with the principles of effectiveness described in section 4115(a) and foster a safe and drug-free learning environment that supports academic achievement.
47. The LEA assures that funds under this subpart will be used to increase the level of State, local, and other non-Federal funds that would, in the absence of funds under this subpart, be made available for programs and activities authorized under this subpart, and in no case supplant such State, local, and other non-Federal funds.
48. Drug and violence prevention programs supported under this subpart convey a clear and consistent message that acts of violence and the illegal use of drugs are wrong and harmful.
49. The LEA has, or the schools to be served have, a plan for keeping schools safe and drug-free that includes:
 - Appropriate and effective school discipline policies that prohibit disorderly conduct, the illegal possession of weapons, and the illegal use, possession, distribution, and sale of tobacco, alcohol, and other drugs by students.

- Security procedures at school and while students are on the way to and from school.
- Prevention activities that are designed to create and maintain safe, disciplined, and drug-free environments.
- A crisis management plan for responding to violent or traumatic incidents on school grounds.
- A code of conduct policy for all students that clearly states the responsibilities of students, teachers, and administrators in maintaining a classroom environment that:
 - Allows a teacher to communicate effectively with all students in the class.
 - Allows all students in the class to learn.
 - Have consequences that are fair, and developmentally appropriate.
 - Considers the student and the circumstances of the situation.
 - Is enforced accordingly.

50. The application and any waiver request under section 4115(a)(3) (to allow innovative activities or programs that demonstrate substantial likelihood of success) will be available for public review after submission of the application.

TITLE IV, PART A, SUBPART 3

51. The LEA assures that it has, in effect, a written policy providing for the suspension from school for a period of not less than one year of any student who is determined to have brought a firearm to school or who possesses a firearm at school and the referral of a student who has brought a weapon or firearm to the criminal or juvenile justice system. Such a policy may allow the Superintendent to modify such suspension requirement for a student on a case-by-case basis.

TITLE V, PART A

52. The LEA has provided, in the allocation of funds for the assistance authorized by this part and in the planning, design, and implementation of such innovative assistance programs, for systematic consultation with parents of children attending elementary schools and secondary schools in the area served by the LEA, with teachers and administrative personnel in such schools, and with such other groups involved in the implementation of this part (such as librarians, school counselors, and other pupil services personnel) as may be considered appropriate by the LEA.

53. The LEA will comply with this Part, including the provisions of section 5142 concerning the participation of children enrolled in private nonprofit schools.

54. The LEA will keep such records, and provide such information to the SEA, as may be reasonably required for fiscal audit and program evaluation.

55. The LEA will annually evaluate the programs carried out under this Part, and that evaluation:

- will be used to make decisions about appropriate changes in programs for the subsequent year;

- will describe how assistance under this part affected student academic achievement and will include, at a minimum, information and data on the use of funds, the types of services furnished, and the students served under this part; and
- will be submitted to the SEA at the time and in the manner requested by the SEA.

New LEAP Assurances

56. Uniform Management Information and Reporting System: the LEA assures that it will provide to the California Department of Education (CDE) information for the uniform management information and reporting system required by No Child Left Behind, Title IV in the format prescribed by CDE. That information will include:
- (i) truancy rates;
 - (ii) the frequency, seriousness, and incidence of violence and drug-related offenses resulting in suspensions and expulsions in elementary schools and secondary schools in the State;
 - (iii) the types of curricula, programs, and services provided by the chief executive officer, the State educational agency, local educational agencies, and other recipients of funds under this subpart; and
 - (iv) the incidence and prevalence, age of onset, perception of health risk, and perception of social disapproval of drug use and violence by youth in schools and communities. (Section 4112, General Provisions, Title IV, Part A, PL 107-110)
57. Unsafe School Choice Policy: the LEA assures that it will establish and implement a policy requiring that a student attending a persistently dangerous public elementary school or secondary school, as determined by the State, or who becomes a victim of a violent criminal offense, as determined by State law, while in or on the grounds of a public elementary school or secondary school that the student attends, be allowed to attend a safe public elementary or secondary school within the local educational agency, including a public charter school. The LEA will submit on a format to be designated by CDE the information the state requires to complete annual federal reporting requirements on the number of schools that have been designated “persistently dangerous” in accordance with California State Board of Education policy. (Section 9532, General Provisions, Title IX, PL 107-110.)

Other

58. The LEA assures that a minimum of 95% of all students and a minimum number of students in each subgroup (at both the school and district levels) will participate in the state’s assessments program.

APPENDIX A

On May 30, 2002, the California State Board of Education (SBE) adopted the five goals and 12 performance indicators for No Child Left Behind, as set forth in the Federal Register Notice of May 22, 2002. The SBE's adoption of the specified goals and performance indicators represents California's commitment to the development of an accountability system to achieve the goals of NCLB.

Collectively, NCLB's goals, performance indicators, and performance targets constitute California's framework for ESEA *accountability*. The framework provides the basis for the state's improvement efforts, informing policy decisions by the SBE and implementation efforts by the California Department of Education (CDE) to fully realize the system envisioned by NCLB; it also provides a basis for coordination with the State Legislature and the Governor's Office.

California's NCLB Performance Goals and Performance Indicators

Performance Goal 1: *All students will reach high standards, at a minimum attaining proficiency or better in reading and mathematics, by 2013-2014.*

- 1.1 **Performance indicator:** The percentage of students, in the aggregate and for each subgroup, who are above the proficient level in reading on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(1)(C)(i).)
- 1.2 **Performance indicator:** The percentage of students, in the aggregate and in each subgroup, who are at or above the proficient level in mathematics on the State's assessment. (These subgroups are those for which the ESEA requires State reporting, as identified in section 1111(h)(C)(i).)
- 1.3 **Performance indicator:** The percentage of Title I schools that make adequate yearly progress.

Performance Goal 2: *All limited-English-proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.*

- 2.1. **Performance indicator:** The percentage of limited-English-proficient Students, determined by cohort, who have attained English proficiency by the end of the school year.
- 2.2 **Performance indicator:** The percentage of limited-English-proficient students who are at or above the proficient level in reading/language arts on the State's assessment, as reported for performance indicator 1.1.

- 2.3 **Performance indicator:** The percentage of limited-English-proficient students who are at or above the proficient level in mathematics on the State’s assessment, as reported for performance indicator 1.2.

Performance Goal 3: *By 2005-2006, all students will be taught by highly qualified teachers.*

- 3.1 **Performance indicator:** The percentage of classes being taught by “highly qualified” teachers (as the term is defined in section 9101(23) of the ESEA), in the aggregate and in “high-poverty” schools (as the term is defined in section 1111(h)(1)(C)(viii) of the ESEA).
- 3.2 **Performance indicator:** The percentage of teachers receiving high-quality professional development. (See definition of “professional development” in section 9101(34).)
- 3.3 **Performance indicator:** The percentage of paraprofessionals (excluding those with sole duties as translators and parent involvement assistants) who are qualified. (See criteria in section 1119(c) and (d).)

Performance Goal 4: *All students will be educated in learning environments that are safe, drug free, and conducive to learning.*

- 4.1 **Performance indicator:** The percentage of persistently dangerous schools, as defined by the State.

Performance Goal 5: *All students will graduate from high school.*

- 5.1 **Performance indicator:** The percentage of students who graduate from high school, with a regular diploma:
- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and,
 - calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.
- 5.2 **Performance indicator:** The percentage of students who drop out of school:
- disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and status as economically disadvantaged; and
 - calculated in the same manner as used in National Center for Education Statistics reports on Common Core of Data.

Science-Based Programs							
<p>Science-based research has provided evidence of effectiveness for the following school-based prevention programs. Each of the listed programs has been identified as a research-validated, exemplary, or model program by one or more of the following agencies: The California Healthy Kids Resource Center, the Center for Substance Abuse Prevention, United States Department of Education's Expert Panel, or the University of Colorado's Center for the Study and Prevention of Violence. Some of these programs are also discussed in the California Department of Education's publication Getting Results. Websites where additional information can be found about each program's description, target population, and outcomes are listed below. The code in the last column of the menu provides a quick reference indicating which websites have information specific to each program.</p> <p>A: < http://www.californiahealthykids.org > (California Healthy Kids Resource Center: Research-Validated Programs)</p> <p>B: < http://www.colorado.edu/cspv/blueprints/model/overview.html > (University of Colorado: Blueprints)</p> <p>C: < http://modelprograms.samhsa.gov/model_prog.cfm > (Center for Substance Abuse Prevention: Model Programs)</p> <p>D: < http://www2.edc.org/msc/model.asp > (United States Department of Education: Expert Panel)</p> <p>E: < http://www.gettingresults.org/ > (Getting Results)</p>

CONDUCT

The Governing Board believes that all students have the right to be educated in a positive learning environment free from disruptions. On school grounds and at school activities, students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with the school program.

Behavior is considered appropriate when students are diligent in study, careful with school property, courteous, and respectful towards their teachers, other staff, students and volunteers.

(cf. 5131.1 - Bus Conduct)

(cf. 5137 - Positive School Climate)

The Superintendent or designee shall ensure that each school site develops standards of conduct and discipline consistent with district policies and administrative regulations.

Students and Parents guardians shall be notified of district and school rules related to conduct.

Prohibited student conduct includes but is not limited to:

1. Behavior that endangers staff and or students

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5131.7 - Weapons and Dangerous Instruments)

(cf. 5136 - Gangs)

(cf. 5142 - Safety)

2. Behavior that disrupts the orderly classroom or school environment

(cf. 5131.4 - Student Disturbances)

3. Harassment of students or staff, including bullying, intimidation, hazing, or initiation activity or any other verbal, written or physical conduct that causes or threatens to cause bodily harm or emotional suffering

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

4. Damage to or theft of property belonging to the district, staff or students

(cf. 3515.4 - Recovery for Property Loss or Damage)

(cf. 5131.5 - Vandalism, Theft and Graffiti)

CONDUCT (continued)

5. Possession or use of laser pointers, unless used for a valid instructional or other school-related purpose, including employment (Penal Code 417.27)

Prior to bringing a laser pointer on school premises, students shall first obtain permission from the principal or designee. The principal or designee shall determine whether the requested use of the laser pointer is for a valid instructional or other school-related purpose.

6. Profane, vulgar or abusive language

(cf. 5145.2 - Freedom of Speech/Expression)

7. Plagiarism or dishonesty in school work or on tests

(cf. 5131.9 - Academic Honesty)

(cf. 6162.54 - Test Integrity/Test Preparation)

(cf. 6162.6 - Use of Copyrighted Materials)

(cf. 6163.4 - Student Use of Technology)

8. Inappropriate dress

(cf. 5132 - Dress and Grooming)

9. Tardiness and unexcused absence from school

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Truancy)

10. Failure to remain on school premises in accordance with school rules

(cf. 5112.5 - Open/Closed Campus)

Cell Phones and Other Electronic Signaling Devices

Unless otherwise specified by a doctor's directive:

1. The student is responsible to ensure that any cell phones and or electronic signaling devices including but not limited to beepers and pagers are turned off and out of sight while on campus during school hours; which includes class-time, recess, passing periods, and lunch time.
2. The district will not be held responsible for cell phones or electronic signaling devices.
3. Inappropriate use of cell phones and electronic signaling devices, i.e., use that does not follow school and district guidelines, will lead to disciplinary consequences for the student as determined by the site administrator or designee. When used

CONDUCT (continued)

Inappropriately, cell phones and electronic signaling devices will be confiscated by school personnel. Upon repeated misuse, the student may lose the right to carry a cell phone or electronic signaling device on campus.

4. Travis Community Day School (TCDS) students will not be in possession of cell phones or electronic signaling devices during the school day. TCDS students will check items in through the administrator/designee upon arrival at school and retrieve them at the end of the school day.

Enforcement of Standards

Employees are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of a violation of these standards, to immediately intervene or call for assistance. If an employee believes a matter has not been resolved, he/she shall refer the matter to his/her supervisor or administrator for further investigation.

Students who violate district or school rules and regulations may be subject to discipline, including but not limited to suspension, expulsion or transfer to alternative programs in accordance with Board policy and administrative regulation. In addition, when the conduct involves intimidation, harassment, or other endangerment of a student or employee, the Superintendent or designee shall provide appropriate assistance as necessary for the victim and the offender or make appropriate referrals for such assistance.

PARENT INVOLVEMENT

The Governing Board recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Superintendent or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in district and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

(cf. 1250 - Visitors/Outsiders)

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

(cf. 5020 - Parent Rights and Responsibilities)
(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall regularly evaluate and report to the Board on the effectiveness of the district's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

(cf. 0500 - Accountability)

Title I Schools

Each year the Superintendent or designee shall identify specific objectives of the district's parent involvement program for schools that receive Title I funding. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program. (Education Code 11503)

(cf. 6171 - Title I Programs)

The Superintendent or designee shall ensure that the district's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of students participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the district will carry out each activity listed in 20 USC 6318. (20 USC 6318)

PARENT INVOLVEMENT (continued)

The Superintendent or designee shall consult with parents/guardians of participating students in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating students in decisions regarding how the district's Title I funds will be allotted for parent involvement activities. (20 USC 6318)

(cf. 3100 - Budget)

The Superintendent or designee shall ensure that each school receiving Title I funds develop a school-level parent involvement policy in accordance with 20 USC 6318.

Non-Title I Schools

The Superintendent or designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the district and schools will address the purposes and goals described in Education Code 11502. VOLUNTEER ASSISTANCE

The Governing Board recognizes that volunteer assistance in schools can enrich the educational program, increase supervision of students, and contribute to school safety while strengthening the schools' relationships with the community. The Board encourages parents/guardians and other members of the community to share their time, knowledge, and abilities with students.

- (cf. 1000 - Concepts and Roles)
- (cf. 1700 - Relations Between Private Industry and the Schools)
- (cf. 4127/4227/4327 - Temporary Athletic Team Coaches)
- (cf. 4222 - Teacher Aides/Paraprofessionals)
- (cf. 5020 - Parent Rights and Responsibilities)

- (cf. 5148.2 - Before/After School Programs)
- (cf. 6020 - Parent Involvement)
- (cf. 6171 - Title I Programs)

The Superintendent or designee shall develop and implement a plan for recruiting, screening and placing volunteers, including strategies for reaching underrepresented groups of parents/guardians and community members. He/she may also recruit community members to serve as mentors and/or make appropriate referrals to community organizations.

- (cf. 1020 - Youth Services)
- (cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

As appropriate, the Superintendent or designee shall provide volunteers with information about school goals, programs, and practices and an orientation or other training related to their specific responsibilities. Employees who supervise volunteers shall ensure that volunteers are assigned meaningful responsibilities that utilize their skills and expertise and maximize their contribution to the educational program.

Volunteer maintenance work shall be limited to those projects that do not replace the normal maintenance duties of classified staff. The Board nevertheless encourages volunteers to work on short-term projects to the extent that they enhance the classroom or school, do not significantly increase maintenance workloads and comply with employee negotiated agreements.

Volunteer aides shall not be used to assist certificated staff in performing teaching or administrative responsibilities in place of regularly authorized classified employees who have been laid off. (Education Code 35021)

Volunteers shall act in accordance with district policies, regulations, and school rules. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 3515.2 - Disruptions)

The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.

(cf. 1150 - Commendations and Awards)

The Superintendent or designee shall periodically report to the Board regarding the district's volunteer assistance program.

Qualifications

The Superintendent or designee shall establish procedures for determining whether volunteers possess the qualifications, if any, required by law and administrative regulation for the types of duties they will perform.

Prior to assuming a volunteer position to work with students in a district-sponsored student activity program, a volunteer shall possess an Activity Supervisor Clearance Certificate issued by the Commission on Teacher Credentialing. (Education Code 49024)

A volunteer who obtained both a Department of Justice and Federal Bureau of Investigation criminal background clearance through the district prior to July 9, 2010 shall have satisfied this requirement. (Education Code 49024)

VOLUNTEER ASSISTANCE

Duties of Volunteers

Volunteers may assist certificated personnel in the performance of their duties, in the supervision of students, and in instructional tasks which, in the judgment of the certificated personnel to whom the instructional aide is assigned, may be performed by a person not licensed as a classroom teacher. These duties shall not include assignment of grades to students. (Education Code 45343, 45344, 45349)

(cf. 4222 - Teacher Aides/Paraprofessionals)

Volunteers may supervise students during lunch and/or breakfast periods or may serve as nonteaching aides under the immediate supervision and direction of certificated personnel to perform non-instructional work which assists certificated personnel in the performance of teaching and administrative responsibilities. (Education Code 35021, 44814, 44815)

Volunteers may work on short-term facilities projects pursuant to Governing Board policy and administrative regulation.

Fingerprinting

All volunteer coaches and volunteer mentors shall be fingerprinted for criminal record clearance at their own expenses.

Qualifications of Volunteers

Volunteers providing supervision or instruction of students pursuant to Education Code 45349 shall give evidence of basic skills proficiency. (Education Code 45344.5, 45349)

(cf. 4212 - Appointment and Conditions of Employment)

A person who is required to register as a sex offender pursuant to Penal Code 290 shall not serve as a volunteer instructional aide or as a volunteer nonteaching aide under the direct supervision of a certificated employee. (Education Code 35021)

The Superintendent or designee shall verify by reasonable means that persons serving as volunteer instructional aides and nonteaching volunteer aides are not required to register as a sex offender pursuant to Penal Code 290.

(cf. 3515.5 - Sex Offender Notification)

VOLUNTEER ASSISTANCE (continued)

No volunteer shall be assigned to provide supervision or instruction of students unless he/she has submitted evidence of an examination within the past 60 days to determine that he/she is free of active tuberculosis. Volunteers who skin test negative shall thereafter be required to take a tuberculosis test every four years in accordance with Education Code 49406. (Education Code 45106, 45347, 45349, 49406)

The Superintendent or designee may exempt from tuberculosis testing requirements those volunteers who serve less than a school year and whose functions do not require frequent or prolonged contact with students. (Education Code 49406)

TRAVIS UNIFIED SCHOOL DISTRICT VOLUNTEER GUIDELINES STATEMENT

As a volunteer in the Travis Unified School District I agree to the following:

1. I will register at the school office when I arrive on campus.
2. I will follow the school and classroom rules.
3. I will support the teacher's instructional programs and classroom discipline plan.
4. I recognize that all children learn at different rates. When working with a student, I will be encouraging and support their learning process in a positive manner.
5. I will maintain confidentiality of student behavior and academic performance that I observe while volunteering.
6. I understand that my volunteer assignment is at the discretion of the classroom teacher and/or site administrator. My services will be used where they are felt to be most appropriately matched with school/classroom needs.
7. I understand that my volunteer activities must be under the supervision of a staff member at all times.
